The following is an examiner's statement of reasons for allowance:

- The primary reasons for allowance for claims 1-11 are the inclusion of the limitations of a liquid ejection method and apparatus comprising the steps of detecting a position of an edge of a medium, wherein the edge is substantially perpendicular to a main scanning direction and changing, according to a feed amount of said medium fed after said position of the edge of the medium has been detected, at least either a starting or a terminating position in the main-scanning direction. It is these limitations, either alone or combined as claimed, that have not been taught, found, or suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
